

Training and Consultancy for Professionals and Organisations

Specialist training and consultancy for those working with people affected by learning disability and autism

Centre 404
404 Camden Road
N7 0SJ
02076078762
centre404.org.uk

Consultancy

- Independent advocacy for people with learning disability and their family carers. Care Act, Mental Capacity Act – including deprivation of liberty safeguards, Child Protection, Discrimination and non-statutory advocacy.
- Casework support around social care and welfare benefits
- Information and advice sessions on specific areas of legislation or support
- Independent reviews and evaluations of your service, project or cases

Training

Bespoke training delivered by experienced staff. We tailor our training to meet the needs of your organisation and service users. Our sessions include real stories supported by family carers from our Peer Volunteer project.

We can arrange training at our premises in Islington, or come to your organisation and venues across London. Online sessions are also available. You can sign up for our current training offer or ask us to design a session that meets your needs. Some of the training we have provided include: understanding a diagnosis of autism or learning disability, welfare benefits, legislation around disability, education support, social care packages and budgets, health, personal care and wellbeing.

Prices starting from £30
